

Authorized Reseller

At CellGain, our strategic partnerships with industry leaders like Tait, Hitachi, and Cisco allow us to offer our clients trusted, best-in-class solutions for public safety, communications infrastructure, and enterprise networking. These partnerships mean that we don't just resell equipment—we provide access to mission-critical technologies backed by global innovation, proven reliability, and full compliance with industry standards.

Fiber DAS • Portables • Dispatch • Infrastructure

CellGain is an authorized reseller for Tait public communication products.

Tait products are designed for mission critical operation and engineered to provide unbeatable performance and reliability. They are DMR standards compliant and ensure interoperability with other vendors, giving your organization greater choice in meeting your unique requirements.

Portables

Rugged portables built for public safety—clear audio, reliable connection, and essential safety features.

Dispatch

Reliable and rugged-dispatch consoles built to meet the real demands of public safety centers.

Mobiles

Mission-critical performance—base stations and repeaters built for unmatched reliability.

Infrastructure

Tough, clear, and secure—mobiles built for public safety with advanced features and flexibility.

Authorized Hitachi Cable Distributor

CellGain is an authorized distributor of Hitachi Fiber Optic Cable. Hitachi Cable America's indoor/outdoor fiber optical cables deliver outstanding audio, video, telephony and data signal performance for educational, corporate and government campus applications. High density, hybrid, armored.

Authorized Cisco Distributor

CellGain is an approved channel partner for Cisco, providing secure, reliable network equipment for today's enterprises, offices, branches, business, and everyone. Cisco products help you start with the right Wi Fi and Local Area Network (LAN).
